From the New York Americam. THE WIFE'S PRAYER. The young wife kneeling to her God Seems brighter far in this lone scene, Than when our halls of mirth she trod, 'Alid fashion's throng, a worshipped queen.

Gaze on-the lave that fills her heart New charms hath lent to cheek and brow-Caze on-but hush ! the pure lips part, Perchance for thee she's pleading now. Hear me thou who mark'st each feeling,

Tuou who know'st each passion's sway; At thy sacred altar kneeling, For a being loved 1 pray!

He is dearer than the mother Who hath been my life's lond guide-He is 'nearer than a brother,' Though a brother's still my pride.

Oft ere the summer's bloom hath perished For the lover's weal I plead-Father' on the husband cherished, Now thy choicest blessing's shed !

In all 'peril and temptation' Guard him with thy hely might; 'Mind the charms of power and station, Krep a noble spirit bright. Bless him Father! he is starting

Proudly for the goal of fame-Oh, may every year departing, Add fresh laurels to his name!

Grant him genius' inspiration-Wisdom's cloquence during-He is pledged unto a nation, Let him in her councils shine.

He his guide-and for earth's sorrow, For the blight, the cloud, the thorn, So prepare him that each to On a fearless heart may dawn.

Father! If the love I bear him Lend his path a brighter ray, If that love one pang spare him, Aid me still to cheer his way.

Phould his manhood's pride be shaded, Let him on this heart repose-It will prove when joys are faded, Descrit spring and forest rose.

Strengthen, guard, and guide him ever ! May be glory in love's chain Till its links the angels sever, No'er on earth to clasp and.

A SISTEM S PRYER. Father! we have played in infancy together ; Hand in hand we've strayed, In life a glad spring-weather, To thy altar, and have knell

Maine Daily Journal.

The price was put too low in the first place, and it has not been easy to raise it and satisfy the public. We began a small daily in 1832 at \$1 per session. Finding in subsequent years that we lost money by it, we tried a tri-weekly. This also paid but poorly, as we were obliged to keep the same number of reporters, and print the same quantity of matter without any of the advertising profits which sustain daily and print the same quantity of matter without any of the advertising profits which sustain daily papers in large towns. Last year the times were so hard that we published

towns. Last year the times were so hard that we published only the weekly. But something foore is now expected, and we have therefore issued proposals for a daily paper at \$1,50 in advance for the session. This will in reality be no more than our original price, as the sessions are now about 50 per cent, longer than they were seven years ago.

Those, who are already subscribers to the weekly and continue to take it while taking the Daily will be charged \$1,25.

Any person obtaining seven subscribers and paying for them, will be entitled to one paper extra for his compensation, and for a greater number he will be allowed in the same ratio.

We wish the list of names sent to us by mail or otherwise on or before the middle of December, that we may know whether we have subsriders enough to justify us in publishing a Daily; for if we do not we shall issue a Tri-weekly.

The list of subscribers may be sent to us in single letters, and the pay forwarded by members of the Legislature when they come to the seat of Government.

RECOMMENDATIONS.

Mr. Isaac Thompson, Sir—Having had occasion, during many years, to use Trusses for Hernius, for my patients and for myself, I am satisfied by examining and using yours, with Confeal application, secured as it is by an ingenious adjusting Spring and Lock, is both easier to the wearer, and more likely to effect permanent cures, than any patent or other kind with which I have ever been nequainted, and wish you, sir, and all those who need Trusses, all the success in the use of yours, which I have ever been nequainted, and wish you, sir, and all those who need Trusses, all the success in the use of yours, which their excellent construction is calculated to effect.

Vegetable Bitters.

The above Bitters between originally prepared by the celebrated Dr. Hoffman, of the city of Cologue, in Germany, from whom the proprietors obtained the recipe, in Dr. Hoffman's own hand writing.

These Bitters have long been relebrated in Germany, for their poculiar virtues, which have induced the proprietors to introduce them into this country. For correcting the bile and restoring direction, they are universally necknowledged to be set in the proprietors obtained the recipe, in Dr. Hoffman's own hand writing. which their excellent construction is calculated to effect. Vernon, Dec., 1886. CYRUS WASHBURN. M. D.

Mr. Thompson, Sir-I have not forgot my promise I made to you when I bought the Truss, that if it did effect a rure I would send you a certificate. Now ser, I have the satisfaction in being able to send you a statement. In the month of March my Hernia became so bad I was unable to labor. Feeling some alarmed about my situation, I went up to Keene to see if Dr. Twitchel could do any thing to help me. On making my case known to him, he advised me to go to Brattleborn and get one of Thompson's Trusses—said it was the best he know of, and blought I should receive invasible scaled by treesing and thought I should receive immediate relief by wearing it. I made the application in March, and wore the Trusz shout eight weeks. On examining, I was satisfied that I was cured; but the Trusz being easy to wear, I kept it on about four weeks songer, and then took it off and have had no occasion to wear it

lince. Respectfully yours, Winchester, N. II. Sept. 1836. WM. CARLTON.

1 hereby certify that on commencing having this reason, I was afflicted with a Hernia, which became so painful that I was obliged to quitwork. I applied one of Thompson's Patent Trusses, with which I was enabled to labor shifty, and found an more inconvenience in wearing it than in wearing my strick-ings. In three weeks I was perfectly cured, laid aside the trues and have laid no recurrence of hernia since. Brattleboro, Vt. Aug. 1836. G. A. HALE.

Mr. Thompson, Sir-The traves go well, having seld five. You say in your note by Mr. Lewis, that if I have no objection you wish to make use of my name in your bills or advertisements. Now, Sir, as far as it is of use, you have it. Having tried several trusses of various kinds, found no refiel. But putting one of yours on the first of April last, in four weeks was entirely cured, and have not had occasion to wear any since; and I do not hesitate to say that in my opinion they will, by the blessing of God, effect a permanent cure. Yours in hasto, Greenfield, Mass. Sept., 1836. L. M. AMSDEN.
